

Adding Mixed Number Fractions

Y6NFr3

Watch the video. It helps you to understand how to add mixed number fractions.

Then try these calculations

$$3 \frac{1}{6} + 1 \frac{2}{3} =$$

$$2 \frac{3}{4} + 2 \frac{2}{12} =$$

$$1 \frac{4}{7} + 3 \frac{11}{14} =$$

$$4 \frac{2}{10} + 2 \frac{4}{5} =$$
